APPENDIX 2 - IN-GAME DISCIPLINARY GUIDELINE DOCUMENT	12

1. MANAGEMENT:

- 1.1 The Competitions are the official national inter-school championships of Basketball England. The responsibility for the organising of these competitions lies with the professional staff of Basketball England.
- 1.2 By entering and registering to participate, schools and individuals accept the regulations regarding disciplinary action and appeals.

2. REGISTRATION AND ENTRY:

- 2.1 Any individual school, college or academy, officially recognised by the Department of Education, may apply to enter the appropriate National School Competition.
- 2.2 Basketball England reserves the right to refuse entry to any school, college or academy to any of its competitions.
- 2.3 Schools entering the competitions must affiliate with Basketball England for that season and when entering for each subsequent season.
- 2.4 Schools entering teams in both the Premier and Conference competitions within the same age group must provide a list of players assigned to each squad before their first game is played. Under no circumstances may a player represent both teams. Any breach of this regulation will result in all games in which a Premier player has played down being forfeited.
- 2.5 No players that are registered by the AoC in the WEABL, EABL or CBL are permitted to play in these leagues. This rule will not apply to the National Schools U17 League, which does permit EABL, WEABL and CBL players.
- 2.6 Entries for the National School Competitions will have an entry deadline; this date will be determined by Basketball England and will be clearly stated on the entry form.
- 2.7 The person responsible for the administration of the school basketball teams shall be referred to as the "key contact person". All actions of the key contact person are deemed to represent the authority of the school.
- 2.8 Communication between schools and Basketball England should be conducted through the key contact person. Their details can be found in the Handbook. Only the key contact person will be acknowledged as the person to communicate decisions to Basketball England, unless the school has informed Basketball England of a nominated alternative. Basketball England should be informed in writing of any permanent or temporary changes to the school's key contact person.
- 2.9 An individual school entering the National School Competitions shall be represented at its fixture by an employee of that school. In signing the entry form the Head Teacher / Principal of the school, college or Academy accepts responsibility for the actions of its employees.
- 2.10 Entry Fees for the national school competitions will be £45 per team.
- 2.11 Entry Fees must be paid 30 September. If this fee is not paid by this date, then Basketball England reserves the right to withdraw teams from the competition.
- 2.12 The Entry Fee is automatically forfeited if the school withdraws their entry. If entry into any Competition is declined the Entry Fee will be refunded in full.

3. PLAYER ELIGIBILITY:

- 3.1 The age for each player is taken as at the 1 September of each season.

- 3.2 Institutions that are found to have played ineligible players may face disqualification from the National School Competitions for the remainder of that season.
- 3.3 Players must be in full-time attendance at the institution that they represent in the competition. It is recommended that team's field at least eight players per fixture.
- 3.4 It may be possible for a student to be on a funded study programme at more than one school/college. In such circumstances, the student will play for the institution at which they study more guided learning hours. If this college does not enter a team in the student's chosen sport, the college at which the student studies fewer hours must make a written request to the other college for the student to play in their team.
- 3.5 At the U14 and U16 Co-Ed age groups female players are permitted to play in this age group only if there is no female team available for them to play for within their school environment and they are of the correct age, physical and mental ability. When permitting a female player to play within competitions at these two age groups, the education establishment will need to complete a Consultation and Consent Form for each female player. Therefore, liability will rest with the school under their pastoral and OFSTED regulations and Duty of Care to each female player.

4. COMPETITION FORMATS:

4.1 U14 & U16 Co-Ed and Girls:

Many of these competitions are primarily facilitated by the School Games Organisers (SGO) or local county contact. If a County School Games Organiser is not facilitating these age groups direct entry can be made to Basketball England. The SGO will be responsible for facilitating the Local School Cluster round and County rounds with the County winners progressing to the regional stages. Basketball England will organise the direct entries and from the regional rounds onward and the regional winners will progress to the Zone Round (item 4.4). Direct entries shall consist of school teams where there is no county competition or, for established teams, where the SGO permits them to participate through this route. Direct entry offers two options; schools will have the ability to enter either Co-Ed Premier or Co-Ed Conference competitions. Competitions will split into these different levels where there is a need and will also be dependent upon the number of schools that enter at each level. The Premier competition is for established basketball schools with a successful history of competing at national level and is likely to include an increased amount of travel. Entry into the Premier competition is subject to the previous season's performance and applications will be assessed by Basketball England. The Co-Ed Conference competition is for new and developing schools where there is no locally organised competition. The SGO will organise the Local School Cluster rounds and County rounds while Basketball England will organise the direct entries. From the regional round stage onward Basketball England will organise the games and the regional winners will progress to the Zone Round (see item 4.4).

4.2 U14 & U16 Co-Ed Premier Competitions:

These competitions are organised by Basketball England. Entry is made direct to Basketball England, and the format will be dependent upon the number of entries received. This is open to all schools that wish to play basketball at the higher level. The competition format will begin with regional pools, and these will be determined by the schools' geographical location. Teams will play each other in their pool. Depending upon entry numbers, positions in pool play will determine the teams to progress to the national knock out stages until teams are found to progress to the National School Competitions Final Event

4.3 U17 & U19 Men and Women:

These competitions are organised by Basketball England. Entry is made direct to Basketball England, and the format will be dependent upon the number of entries received. This is open to all schools, colleges and academies. The competition format will begin with regional pools, and these will be determined by the schools' geographical location. Teams will play each other in their pool. Depending upon entry numbers, positions in pool play will determine the teams to progress to the national knock out stages until teams are found to progress to the National School Competitions Final Event

- 4.4 **Playoffs:**
The playoff zones are as follows: (1) North, (2) Central, (3) London, and (4) South. The North zone will comprise of the regions Yorkshire & Humberside, North West and North East. The Central zone will include East Midlands, West Midlands and the East, while the South zone will cover the South West, South and South East regions. The London zone will consist of the five Borough Partnership areas; i.e. North, East, South, West and Central London. Teams will initially compete within their zone to progress through the playoff rounds leading to the national final.
- 4.5 Playoff Matches will be played as single leg matches on the home court of the home team as designated by Basketball England. Teams will be given a window of opportunity to ensure that the matches are completed. A deadline will be set for each round; matches will need to be fulfilled prior to this deadline. Failure to meet this deadline, the fixture will be sent to be reviewed by the Basketball England and an outcome will be determined.
- 4.6 Basketball England reserves the right to amalgamate regions where few entries have been received and to adjust the format of the relevant competition for the teams involved. In the event of such an amalgamation, the designated qualifiers could come from one region.
- 4.7 The teams that qualify for the playoffs of the school's competitions shall observe any arrangements by Basketball England for the staging of these fixtures, especially with regard to any sponsorship agreements.
- 4.8 In all competitions schools will be scheduled to play an opponent until an age group champion is determined. In pool fixtures the positions will be determined by awarding three points for a win and one point for a loss. In the event of a match lost by forfeit or default, no points are awarded to the losing team and points may be deducted if it is considered appropriate.
- 4.9 Teams that forfeit or default games during the pool stage of the competitions without a valid reason will not be permitted to progress beyond the pool stage.
- 4.10 In the event of a tie in league points at the end of the season, this shall be resolved as follows:
- If there are two teams involved in this classification, the result(s) of the game(s) between the teams involved will be used to determine the placings.
 - In the event that the total points scored and conceded are the same in the games between the two teams, the classification will be determined by points difference considering the results of all the games played in the league by both teams.
 - If more than two teams are equal in the placings, a second classification will be established considering only the results of the games between the teams that are tied.
 - In the event that there are still teams tied after the second classification, then points difference will be used to determine the placings, considering only the results of the games between the teams still tied.
 - If there are still teams tied, the placings will be determined using points difference from the results of all their games played in the league.
 - If at any stage using the above criteria, a multiple tie is reduced to a tie involving only two teams, the procedure in a) and b) will be applied.
 - If it is reduced to a tie still involving more than two teams, the procedure beginning with) is repeated.
 - Points difference will always be calculated by subtracting points against/conceded from points for/scored.
- 4.11 Matches can be arranged in the form of central venue tournaments (triangular, quadrangular, etc.) or leagues, depending upon the geographical spread and the number of teams entered. Otherwise, full fixtures are to be fulfilled.
- 4.12 It is recommended that, for leagues, games should follow FIBA regulations (i.e. four 10-minute quarters (stopping clock), two minutes between quarters and a 10-minute half-time break) and that, for tournaments, the quarters should be shortened to 7 minutes each. If the length of time available becomes an issue, there is the option to shorten games by agreement between the teams (e.g. shorter quarters or by adopting a running clock format).

- 4.13 Any claim for an outstanding/postponed game must be received by Basketball England 14 days prior to fixture deadline in order that full consideration of the claim can be made before confirming final league positions and regional round places

5. FIXTURES:

- 5.10 Where a school is responsible for the postponement of a confirmed match or does not fulfil a fixture, without the consent of its opponents, Basketball England may consider the matter and award the non-offending team the game 20 – 0; league points may also be deducted. If games are postponed in agreement with both teams, a new date for the match must be confirmed no later than 1 week after the postponement. Both teams share equal responsibility for agreeing a new date for the fixture following a postponement.
- 5.11 Where a school is responsible for the postponement of a confirmed match due to the venue operator cancelling the booking, the game must be rescheduled within seven days of the postponement. Confirmation from the venue that the original booking was cancelled by the venue operator must be provided. Failure to provide confirmation from the venue operator will result in consideration of the matter by the Basketball England coordinators which may result in the game being awarded to the opposition.
- 5.12 In the event of postponements due to severe weather conditions or unforeseen road delays the following will apply:
- a) The travelling expenses (if applicable) of the match officials will be paid by the home team. Any dispute over the team responsible for the postponement, and subsequently any costs, will be resolved by Basketball England within seven business days.

- b) Any court hire cost will lie with the team responsible for the postponement if the match is re-arranged later. In a forfeit, the home club is not entitled to claim court hire costs from the away school; however, they will be awarded the game 20-0.
- c) The responsibility for notifying match officials of a postponement rests with the home club.

- 5.13 Whenever two schools fail to reach an agreement as to when a match shall take place, within seven days of the date of the original fixture postponement, Basketball England shall specify the date and time of the match.
- 5.14 In the case of an abandoned game the Basketball England Competitions Team will decide the outcome based on the circumstances of the situation. This may result in the game being replayed on a date determined by Basketball England. Only players listed on the original score sheet can play in the replayed game.
- 5.15 All fixtures must be played no later than the league deadline as published by Basketball England. Any fixtures that have not taken place by the league deadline will be marked as Void and neither team receive points.

APPENDIX 2 - IN-GAME DISCIPLINARY GUIDELINE DOCUMENT

Underlying Principles

Basketball is a fast sport played at professional, semi-professional, and amateur level by athletic players. In such a sport situation will naturally arise that will require debate and disciplinary decisions, and BE's disciplinary system is there to support and protect all participants without sanitising the sport.

Each case must be judged on its merits and decisions reached by applying judgement and discretion.

Disciplinary Guidelines

Regulation 12.4 of the National School Competition rules and regulations states that a system of cumulative "penalty points" will apply, and a one game suspension automatically comes into force whenever a person's total penalty points reaches (or exceeds) each of the following totals: 10, 15, 20, 25, 30, 35 etc.

The tables on pages 12 to 13 are to be used as guidelines only in respect of the type of disciplinary action that will be taken against all participants for improper conduct as detailed. They are not in any way definitive and the Disciplinary Officer/Compliance Manager/Panel will make their judgement as appropriate after taking into account all the evidence made available to them.

The after disqualification points column refers to actions of a participant after they have been disqualified, e.g. a player is disqualified for violent conduct, which will give them at least a one game ban, they then direct a stream of abuse at a participant or kick an advertising board, they will then get additional points on top of the points normally received for the 'act' of disqualification. The Disciplinary Guidelines will also apply to Spectators and Team Followers of their respective clubs.

An illustrative timeline for disciplinary will be found in appendix 1 of the National Schools rules and regulations.

Basketball England reserve the right in appropriate cases at their sole discretion raise misconduct charges in addition to or instead of action taken within these procedures, in accordance with the BE Discipline Code

Disciplinary Procedures

Outstanding Suspensions

Any suspension or part thereof which remains outstanding at the end of a season resulting from these disciplinary procedures must be served at the commencement of the next season, within the terms of these disciplinary procedures. Before a participant is eligible to serve a suspension in a following season they must be registered to compete with their respective team. No suspension can be served unless the participant's registration is fully complete. Once registered a suspension letter will be issued by Basketball England to highlight the fixtures/dates during that current season for which the carried over suspension should be served.

Re-arranged Matches

The Disciplinary Officer shall have discretionary power to rule that a match shall not count towards the completion of a suspension if it is satisfied that the game has been arranged by the club with a view to enabling a player to complete his suspension and thus qualify him to play in a specific match.

Dismissals

Where a player is disqualified by the referees, he/she must leave the game, but not the venue, they may sit courtside until the game has ended. Where a coach or official is disqualified by the referees, he/she must leave the game and the playing venue, with the assistant coach/school/college personnel taking lead of the remainder of the game. The coach/Official will take no further part in the game (including not in a spectating capacity or via electronic devices such as mobile phones etc).

BE shall not tolerate discriminatory or violent conduct of any kind. Any incidents deemed Serious Offences will be referred to Basketball England to investigate and consider under the BE Disciplinary Code. .

Grading & Description of Offences

There are five grades for each offence. Grade 1 is the lowest level of offence and Grade 5 the most serious.

The most common offences are listed in the sentencing guidelines below with a description to assist all those concerned in referring to incidents in a standardised manner.

Any misconduct by match officials shall be considered under the Disciplinary Code.

Sanctions for any case heard under the Basketball England Disciplinary Code will be at the discretion of a Disciplinary Panel.
