

I am your **OFFICIAL** today...

For most fixtures, I will be a **CHILD**
or a young adult, not an experienced official.

I am **LEARNING**

There will be **DECISIONS** I get wrong.

Some decisions may go against you - **ACCEPT**
my judgement, don't publicly criticise me.

Don't judge me like an experienced, high-level
OFFICIAL

I LOVE BASKETBALL

and I want your child to love it to too.

If you want to support the development of a young official, speak to a staff member from
your club or the league after the game, or to the Basketball England Officiating team.

Remember they are children first, officials second.
